

rational e

The aim of this conference is to address the challenges universities of applied sciences are facing when engaging in R&D activities at the European level. It will provide interesting insight into the European Commission's agenda for the coming years, practical tips on how to successfully apply for funding as well as many opportunities to exchange experience with officials and other applicants.

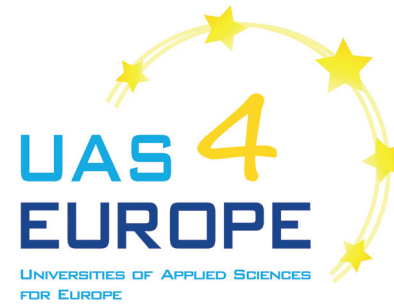

The conference is organised by UAS4EUROPE in cooperation with the Bavarian Research Alliance. UAS4EUROPE aims to strengthen the role of universities of applied sciences at the European level. It is a joint initiative of EURASHE, UASnet, swissuniversities, Hochschule Bayern e.V. and the Austrian FHK.
